PRAIRIE VIEW

**AGRICULTURAL AND MECHANICAL
COLLEGE OF TEXAS**

Follow These Instructions Before You Report For Registration

Payment of Fees: Fees, including maintenance, tuition and activity, must be paid before the student reports to the Registrar's Office for registration. Permits to Pay Fees may be secured from the Registrar's Office. Former students need only apply for admission, but new students must execute application forms and have copies of their previous college or high school work sent to the Registrar to get a Permit to Pay Fees.

Registration Cards: Should be filled completely in ink. Assignment cards for registration will be given only on presentation of receipt indicating payment or waiver of fees. Students who register through mail find it much more convenient and seldom have to report until the first day of class.

Graduation: Senior and Graduate Students who expect to receive a degree before September, 1954 and have not already filled out an application for graduation must do so during registration for the first term.

Veterans Under Public Law 346 or 16: Must have letters of authorization or entitlement from the VA to present during registration.

Veterans Under Public Law 550 (Korean Veterans G. I Bill): Must pay the same fees as non-veterans. They must also go by the Office of Veterans Affairs on the campus for special instructions regarding their enrollment.

Living Information

COLLEGE RESIDENCE HALLS

In the Summer Sessions, the college reserves seven residence halls for women students and six for men. There are no accommodations in the halls for children.

Reservations for housing in the college residence halls are now being accepted. Applications will be considered in the order in which they are received.

Special reservations may be made by married students for room assignments together, if both husband and wife are enrolled.

HOUSING IN THE PRAIRIE VIEW AREA

A limited amount of housing for families is available in the Prairie View community and in nearby towns. However, the student must make his own arrangements with the householder for such accommodations. Students who can apply in person are generally more successful in locating housing facilities in the community than those who must rely on correspondence.

DINING ROOMS AND CAFETERIAS

The facilities of the Dining Hall and the Snack Bar in the Recreation Hall are open to both men and women students. Meals may be obtained in these places, or in cafes and restaurants near the campus at very reasonable rates.

COST OF LIVING

An estimate of the cost of living at Prairie View in the summer can be made by consulting the figures given on Page 13 of this Bulletin. In private homes rentals vary according to location.

Academic Information

UNDERGRADUATE PROGRAM

The college offers two undergraduate degrees, the Bachelor of Arts and the Bachelor of Science.

The Bachelor of Arts with teaching certificates may be taken in one of the following fields: Business Administration, Economics, English, History, Music, Political Science, and Sociology. The Bachelor of Science degree will be conferred upon all candidates who satisfy the general requirements for graduation and satisfactorily complete their major work in Agriculture, Biology, Chemistry, Education, Engineering, Home Economics, Industrial Education, Mathematics, Physical Education, and Physics.

Admission: All applicants for admission to the college must be high school graduates of good moral character and must pass a satisfactory physical examination administered by the school physicians.

All credit for admission must be filed and classified in the Registrar's Office before the student may attain academic status of any kind. Transcripts should be on file in the Registrar's Office before the registration date of the Summer Session. At the request of the applicant, a blank for the purpose will be sent by the Registrar for the principal of the high school from which the applicant was graduated.

Accredited: Prairie View Agricultural and Mechanical College is accredited by the Southern Association of Colleges and Secondary Schools, and the American Association of Colleges for Teacher Education.

The teacher education program of the College has been approved by the Texas Education Agency. Students who complete the prescribed course of study in elementary education may receive the permanent Elementary Certificate, upon recommendation of the officials of the College. Majors in Agriculture, Biology, Business, Administration, Chemistry, Economics, English, History, Home Economics, Industrial Education, Mathematics, Music, Physical Education, Physics, Social Science, and Sociology may qualify for a permanent high school certificate by completing the prescribed course of study in those fields.

GRADUATE PROGRAM

The college offers the Master of Arts degree, the Master of Education degree, and the Master of Science degree.

Students who are registering for the first time for a graduate degree should file with the Dean of the Graduate School an application for admission together with a certified transcript of all college credits. Admission blanks may be obtained from the Graduate School Office.

Time Requirement: For students who attend only Summer Sessions, the Master's degree may be earned in 30 weeks of attendance in post and Summer Sessions.

Course Load and Credit: In each six-week term of the Summer Session the course load for credit applicable to a degree is six semester hours. Courses with numbers 500 or above carry graduate credit.

The W. R. Banks Library

The W. R. Banks Library is in a modern building centrally located on the campus. The library has many comfortable, well lighted study areas. These are near the book stacks, reference and reserve rooms.

The library is ideal for study and research. There are over 40,000 volumes catalogued, approximately 600 periodicals, plus many governmental documents, pamphlets, and reference materials.

The library will be open the following hours during the Summer Session: Monday through Thursday, 8:00 A.M. to 9:30 P.M.; Friday and Saturday, 8:00 A.M. to 5:00 P.M., and Sunday from 2:00 P.M. to 5:00 P.M.

PREPARATION of SCHOOL LIBRARIANS

To make it possible for in-service teachers and others to become fully qualified as school librarians as soon as possible and thus meet a growing demand for school librarians, the College has scheduled courses in library science for the two summer terms.

Summer Session Activities

Recreation: Summer School study and summer school recreation go hand in hand. The recreation committee has provided a well-balanced program of artist course numbers and motion pictures to be held in the Auditorium-Gymnasium. A full recreation program will be available to summer school students.

Sports: A highlight of summer sports program is the competition between the various intramural teams. They compete for mythical titles in softball, tennis, and volleyball.

Public Lectures: Open lectures of general interest and educational value are given throughout the term affording an opportunity to hear persons of attainment in various fields of endeavor. These lectures are open to all members of the Summer School without additional fees.

College Assembly: On Thursday, June 10, at 11:00 A.M., there will be held in the Auditorium-Gymnasium an assembly which all members of the Summer School are urged to attend. The program will consist of musical numbers, a short address, and announcements.

Religious Services: Religious services are conducted in the Auditorium-Gymnasium throughout the Summer Session by clergymen of various religious denominations. These services will be held at 11:00 A.M. each Sunday, June 13 to August 22, inclusive.

Conferences, Workshops, and Classes

WORKSHOP ON GUIDANCE

The Workshop on Guidance will be held June 28 through July 17. Topics of greatest interest to the workshop participants will be considered. The workshop will be organized as a full-time project and enrollment can be with or without credit. Dr. William L. Cash and Dr. Marechal-Neil E. Young will serve as consultants.

Applications for admission and inquiries relative to details of fees, credit, etc., should be addressed to Dr. Wm. L. Cash, College Counselor.

ENGLISH WORKSHOP

A six weeks period of concentration on individual and group problems in the language arts. A representative from the National Council Teachers of English and distinguished experts in reading, writing, speaking, and listening will serve as consultants for the workshop.

This workshop should be of interest to the prospective and the in-service English teacher as it affords an unusual opportunity to study with authorities in the field of English, to work on both individual and group problems, to become acquainted with teaching materials: books, magazines, audio-visual aids supplied by exhibitors, to take field trips and engage in

other activities emerging from continuous workshop planning by students and faculty. Six semester hours of credit may be earned.

WORKSHOP FOR PRINCIPALS

During the First Term of the Summer Session there will be conducted a workshop for principals. Major problems to be considered in this year's workshop will be determined by a planning Committee and will be a combination of the problems presented by the principals of the State.

The directors of the workshop will be H. T. Jones, Principal of the College Laboratory School, and B. A. Mayberry, Principal of W. W. Yates School, Kansas City, Missouri. Assisting them will be key leaders from the Texas Education Agency, the University of Texas, the CPEA, and from the various school systems of the State.

ATHLETIC COACHING CLINIC

This Clinic is a special feature supplementing the regular course offerings in physical education, recreation, and athletics. Students regularly enrolled for the second term may attend the lectures without extra charge. Those who enroll for the coaching clinic only will pay a fee.

The personnel for the Clinic will include visiting lecturers in Basketball, Football, Tennis, Track, and Athletic Training.

For more detailed information, write to W. J. Nicks, Director of Athletics, Prairie View A. & M. College.

SUMMER BAND CAMP

During the second term of the Summer Session, the 1954 Summer Music Camps will be held on the College campus. These camps, for outstanding high school musicians, will be conducted by members off the faculty of the Department of Music, supplemented by visiting music consultants.

COSMETOLOGY INSTITUTE

In response to a demand from the licensed cosmetologist of the State of Texas the Division of Industrial Education is sponsoring a Cosmetologist Institute from June 28 to July 17. This institute will bring together some of the most outstanding cosmetologists of the state and nation. Topics such as "Styling," "Electricity," "New Trends in Cosmetology," "Business Relationship," "Science and Cosmetology," "Psychology," "Personality and the Cosmetologist," and many other topics will be discussed. This course will carry college credit.

INDUSTRIAL ARTS WORKSHOP

This is a course designed specifically for teachers who are working or planning to work in an Industrial Arts Shop. The course will be divided between practical work and theory. An opportunity will be provided for the participants to go into the various shops and make many of the projects which their students will be required to make the following semester. This workshop will be particularly valuable to the person who wishes to learn a new skill or extend his present skill in a certain trade area. Additional emphasis will be placed upon teaching skills for the high school level, how to

select suitable projects, evaluation of student progress, etc. A student may choose one or more of the following areas in which to do his laboratory work: Metal Work, including machine shop; Foundry and Welding; Woodwork; Electricity; Radio and Television; Sheet Metal; Art Metal; Graphic Arts; Leathercraft; Masonry; Auto Mechanics; Painting and Upholstery. This course is offered at the graduate and undergraduate level.

Workshops and Special Courses

1. June 7-July 17—Cooperative Community-Education
Workshop 6 sem. hrs.
2. June 7-July 17—Elementary Education and Kindergarten
Workshop 3 sem. hrs.
3. June 7-June 25—Special Training Program for Extension
Workshops 3 sem. hrs.
4. June 7-July 17—Workshop for Industrial Arts Teachers... 3 sem. hrs.
5. June 7-July 17—Workshop for English Teachers 6 sem. hrs.
6. June 14-July 9—School Administrators' Work-
Conference 1-4 sem. hrs.
7. June 28—July 17—Cosmetology Institute 3 sem. hrs.
8. June 28-July 17—Workshop for Counselors 3 sem. hrs.
9. July 5-10—Annual Coaching School 1 sem. hr.
10. August 2-August 13—Summer Band Camp 2 sem. hrs.

Veterans' Eligibility

Veteran students, both undergraduate and graduate, returning for the Summer Session after being employed as a teacher during the regular 1953-1954 school year, must present at registration a statement signed by a representative of their school system verifying employment. Enrollment will not be approved by the V. A. unless this letter of certification is submitted.

Veterans previously enrolled at another place of training under public Law 346 must present, in addition to this letter of certification, a Form 1953, Supplemental Certificate of Eligibility.

If there is any doubt as to status as a veteran student, inquiry should be made to the nearest Veterans Administration office or to Mr. James P. Brown, Veterans Counselor.

If eligibility matters are determined before registration, both the registration and allotments will be expedited.

Korean veterans planning to attend school under the provisions of the Korean G. I. Bill must secure their own authorizations from the Veterans Administration and come prepared to pay their own fees. After securing authorization the veteran must pay his fees, register and then call by the campus Office of Veteran Affairs to have his enrollment certification papers prepared and forwarded to V. A. Office.

Schedule of Classes

IMPORTANT INSTRUCTIONS BOTH TERMS

Announcements:

In this publication of College presents a detailed schedule of classes for the summer terms of 1954. No revision of this schedule are contemplated, but, if they should become necessary, the College reserves the right to make them. The scheduled classes will be offered if enrollment justifies.

Students are held responsible for familiarizing themselves with the College regulations as set forth in this and other publications of the College.

All classes meet daily unless otherwise specified.

Registration:

Registration is completed when all fees have been paid, all registration forms executed and turned in to the Registrar's Office, and class cards for each course in which the student registered have been turned in to the teachers of those courses.

Change of Program:

Those students who desire to change their programs may secure the cards for this purpose from the Registrar's Office. Approval for change of program must be secured from the student's adviser, head of department, or dean. When the change of program is approved, the student is given an add or drop slip to give to the respective teachers to add or delete his name from the class roster. In case the dean or department head divides or changes a class, it will not be necessary for the students to obtain change of program cards. A list of names of the students changed from one class to another should be given to the Registrar showing the following information: Course and number, section, name of teacher, time and place of meeting of class transferred from and transferred to.

Candidates for Graduation:

Prospective candidates for graduation during the summer session must make formal application to the Registrar for the degree sought at the time of registration. Blanks for this purpose will be furnished by the Registrar upon request. Every student must spend at least one full academic year (36 weeks) prior to graduation and actual residence on the Prairie View Agricultural and Mechanical College campus.

SPECIAL NOTE.—Those students who enrolled in undergraduate courses prior to September 1, 1948 and have not completed all requirements for their degree must qualify for graduation according to the plan and standards as set forth in the catalogue for 1948-49.

Extra Loads:

A full load is six semester hours. No one will be permitted to earn more than six semester hours credit either term.
